

# **BVM COLLEGE OF MANAGEMENT EDUCATION,GWALIOR**

BCA- 502

III<sup>rd</sup> Internal Question Bank

Networking concepts

Note – Attempt all questions.

1. What is data communication system?
2. Explain purpose of Analog and digital data transmission system.
3. Describe the IEEE standards 1002.3 and Ethernet.
4. Explain an IP Addressing in brief.
5. Explain a Microwave Transmission.
6. What are Modulation Techniques?
7. What is Error Control?
8. Describe relationship between data rate and bandwidth.
9. Explain the Spectrum and Bandwidth?
10. Difference between Radio Transmission and Microwave transmission.
