

# BVM College of Management Education, Gwalior

## Question Bank

### MCA 501

## Data warehousing & Mining

### Unit II & unit III

Note : Attempt very short notes

- (a) Explain the FP Tree.
- (b) What do you mean by the Cluster Analysis
- (c) Explain the Clustering Paradigms.
- (d) What do you mean by Association Rule?

Note : Attempt short notes

- (a) Explain the A Priori Algorithm
- (b) Explain the Pincer Search Algorithm
- (c) What do you mean by the Market Basket Analysis .

Note : Attempt Long Answer

- 3 Explain the Data Mining Applications
- 4 What do you mean by the Major Clustering Methods?
- 5 Explain the Multidimensional Association Rules.
- 6 What do you mean by the Constraint-Based Association Mining.
- 6 Explain the Boolean Association Rules from Transactional Databases
- 7 Explain the Generating Association rules from Frequent items
- 8 Explain the Issues regarding classification & prediction.
- 9. Explain the Different Classification Methods,
